

November 18, 2022

Our #GivingTuesday goal is to raise \$12,000 for STEAM programs districtwide, including helping more elementary students attend Exploring New Horizons outdoor education camps. These multi-day experiences used to be a rite of passage for our students but now many schools struggle to raise the money needed to fully fund these trips.

Will you help? Here are 3 easy ways:

Donate now. Don't want to wait until Giving Tuesday? [Donate today](#) and know that your donation will go towards funding STEAM programs for our students.

Spread the word! Encourage friends, family, and colleagues to join you. Share on social media what quality STEAM education means to you. Use the special hashtag #MDEDFGIVE and tag foundation socials in your post to harness the power of social media and connection to help share your story!

Ask your employer if they match donations too. Some companies even match #GivingTuesday employee donations at \$2 for every \$1 given.

No amount is too small, and every dollar you give directly benefits the students. Together we can ensure all students in the Mt. Diablo Unified School District, regardless of zip code, have access to quality STEAM opportunities.

Annual Giving Campaign

October 4, 2022

Dear Mt. Diablo Education Foundation Supporter:

Thank you for being a supporter of the Mt. Diablo Education Foundation.

Over the last few years, your generous support has helped the Foundation provide students with unique opportunities in Science, Technology, Engineering, Art, and Math (STEAM). Review the impact you've had on our students in our [2021-2022 Annual Report](#).

We know funding cuts have forced the District to make difficult choices, and the Foundation works to fill the gap and ensure all students get greater access to a high quality, well-rounded education. With your continued support, we can make progress together in our mission.

For our annual giving campaign, we're asking you to "Give 100" for MDUSD kids – because we know the next generation of inventors, tinkerers, and creative thinkers deserve nothing less than 100% of our dedication.

[Can you give \\$100 or more today?](#)

[Or, can you give \\$10 once a month, for the next 10 months?](#)

We are grateful for your generosity, whatever amount you are able to give to support our MDUSD students.

DONATE

Sincerely,

Board of Directors
Mt. Diablo Education Foundation

Annual Giving Campaign

October 21, 2022

Dear Mt. Diablo Education Foundation
Supporter:

In K-12 education, girls often outperform boys in math and science classes, yet we continue to see a significant gender gap when it comes to the workforce.

The Femineer Program, created by Cal Poly Pomona's College of Engineering, inspires students to pursue STEM majors and careers by providing K-12 students with project-based learning and engineering student mentors.

Help us empower more future STEM professionals by donating to our annual giving campaign today.

[Give 100](#) by donating \$10 for the 10 months of school, or

[Give 100](#) by donating \$100 today, or

[Give 100](#) by donating an amount that works best for your budget.

We are grateful for your generosity, whatever amount you are able to give to support our MDUSD students.

Sincerely,

Board of Directors
Mt. Diablo Education Foundation
